SM-A-R-TI
 (Drawing, Painting, Sculpture, and more)

Did you know that engaging in creative activities makes you smarter?

Researchers suggest that children exposed to arts and crafts are able to think "out of the box" since a lot of working with hands involve figuring out how to solve problems creatively. Art education also encourages neural development, fine motor skills, social tolerance, confidence, and helps understand other key subjects, such as: reading, writing, math, and science. Let's be **SM-A-R-TI**

Pre-Pre Kinder to 1st Grade

Mondays @ 3:15-4:15 pm

Ends: May 4, 2020

LEGO

At Bricks4Kidz we learn about science and engineering, as well as technology and math, as we build unique interactive models that move, shake, and roll. We use motors, axles, gears, and more! Kids explore their creativity, and develop their analytical and problem-solving skills as we build custom contraptions, machines, sculptures, and solve fun challenges as a team.

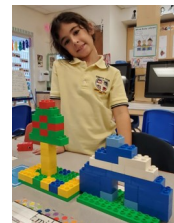

Bricks 4 Kidz
PPK to Kinder

Tuesdays / 3:15-4:15 pm
Room: PS 122 (PK Green)

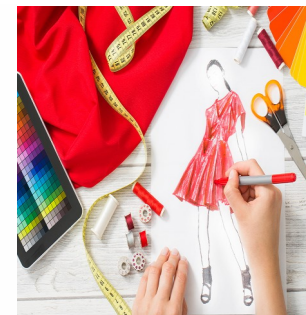

\$300.00 / 15 classes
Materials included

Starting: January 21, 2020
Ends: May 5, 2020

Based on a variety of themes including the alphabet, animals, colors, and counting, our preschool classes incorporate brightly-colored DUPLO bricks. As your child plays, he will practice essential preschool skills while enhancing fine and gross motor skills, and discover learning is fun! Language development and storytelling are encouraged with a period of free-play as the class finishes.

Watch your preschoolers' eyes light up as they explore an array of brightly-colored DUPLO bricks! Each class starts with a story, poem, finger play, or game. Once a week children build a model based on one of the themed units, while practicing essential pre-school skills including: Letter recognition—Patterns—Colors—Counting—Fine and Gross Motor Skills—Position and Ordering—Vocabulary—Comparing and Contrasting.

Calling all Mini-Fashionistas!!!

Sew Fun Studios provides the students with an opportunity for creativity and self expression through fun, project-based designs, and sewing lessons. In our classes kids gain more than a lifelong skill, they gain the self-confidence and sense of accomplishment that comes with creating a self-made product.

Spaces are limited: 8 students per class
